

Dr. Shu Receives Patients' Choice Awards Again

Recognized by His Patients for Excellent Care

Edina, MN (October 2013), Dr. Shu of One Stop Medical Center/Shu Cosmetic Surgery was recently given a Patients' Choice Award for excellent care in 2013. This is the 2nd time he has received the award. He received both the Patient Choice award and the Most Compassionate Doctor award in 2012.

The award is generated by actual patient feedback on the Patients' Choice Award website, and the physicians with the highest number of stellar reviews are recognized yearly. The Patients' Choice Award goes to just 5% of the nation's active physicians. It is based on patient reports of the care they received including "bedside manner, doctor-patient face time, degree of follow-up, and courtesy of office staff."

Over 200,000 patients provided feedback about their doctors across the US each month, and only doctors who received near perfect scores were given the Patients' Choice Award. On the website you can view how doctors receive awards, continue education, and are positively rated by patients. To find out more information and to fill out a review, visit www.patientschoice.org.

"It is a great honor to receive this award. I always strive to deliver the most compassionate care, and I'm proud that my patients recognized me in this way." Dr. Shu said.
